

Diploma Course - Management of Commercial Banking

Department - Bachelor of Banking & Insurance

Class - SYBBI

Course Summary

Course Title	Management of Commercial Banking
Course Objectives	This course deals with the management of commercial banking activities from a risk management perspective. The prime focus of this subject is to manage major risks such as interest rate risk, credit risk, liquidity risk and operational risk faced by the banks to maximize the dual objectives of commercial banks i.e. profitability and liquidity. Mostly it deals with the management of deposits, lending activities, investments, bank capital, bank liquidity and off-balance sheet activities.
Course Outcomes	At the end of this course, a student will be able to understand how to cover the use of derivatives and asset backed securities such as credit derivatives etc. to manage the market risk. In addition to this, it also covers the basic features and role of commercial banks, regulatory aspects related to banking activities and evaluation techniques to measure financial performance of banks. Valuation of banks' balance sheet items and mergers and acquisition of commercial banks are also discussed in this course.
